

What is Blended Learning?

BLENDED LEARNING IS...

A formal education program in which a student learns in part through online delivery of content and instruction with some element of student control over time, place, path, and/or pace.

At least in part at a supervised brick-and-mortar location away from home.

Fulfills Online Graduation Requirement

Successful completion of a blended learning course fulfills the online graduation requirement.

Classroom Teacher + Online Content

Students are taught in a classroom by a certified teacher with access to online content.

Immediate Feedback

Students can receive immediate feedback when utilizing online content.

Increased Student Achievement

Students are learning at their individual pace so they achieve more.

Learning Anytime, Anyplace

Students have more options of when and where they learn.
